UTMA

UNIVERSITY OF TRADITIONAL
MEDICINE IN ARMENIA

About UTMA

Established in 1991, the University of Traditional Medicine of Armenia (UTMA) is a leading institution dedicated to international educational standards. With a renowned faculty, UTM produces skilled medical scientists proficient in both traditional and modern medicine.

Accreditation & Activities

Accredited by the Ministry of Education and Science in 2001, the 6-year program integrates scientific methods in traditional and modern medicine. With a total credit of 360, graduates receive a state diploma. Over nearly 30 years, UTMA alumni have excelled in theoretical and practical medicine, both in Armenia and abroad.

Local Guardian

The students will have a local guardian to support them in their day to day life in Armenia.

Recognitions

WHO, FAIMER, NMC, ECFMG, MCC, Accredited by Ministry of Republic of Armenia.

Medium of Language

The 6 Year MD Physician program is taught in English. The quality education is provided by teachers with domain expertise.

Hostel Facility

In house hostel and food facility is available for all the international students during their stay in Armenia.

"Collaborating with national and international entities, UTMA is a hub for integrative medicine, committed to societal welfare."

MEDICINE IN ARMENIA

**"Achieve Your Dream Career
To Be A Doctor at University of
Traditional Medicine of Armenia"**

The University of Traditional Medicine is a leading school of medical education, medical science and health care, which activity is aimed at training who are aware of their role in a physician/patient relationship, with a high level of morality, in accordance with the requirements of the labor market, unique and unprecedented for national and regional medical education.

About Admission

- Foreigners having at least a document (diploma, certificate) certifying the completion of secondary level education can apply for the UTM.
- The admission of the foreign applicants to UTM assumes the study of the documents and the assessment of knowledge (including language).
- Students, not possessing appropriate knowledge on main subjects and the language, can take a preparation course.
- The admission period, course and other conditions for foreign applicants' second specialty are defined by UTM certification committee.
- The admission of the foreign applicants to UTM is carried out after document examination, information verification, consular ratification, as well as after the registration, based on the referral letters of the Ministry of Education and Science, RA and the order of UTM's rector.
- Admission to UTM includes an aptitude entrance exams upon arriving to Armenia by UTM. Applicants have to take two of the mentioned three competitive exams: Biology, Physics, Chemistry subjects, which is based on the 12th class syllabus.
